

Turbo Turismo — Dealer & Vehicle Inventory Dataset

Compiled reference dataset for RAG system training and client pitch

1. Dealer / Broker Profile

The following details were captured from turboturismo.com and describe the broker's business model, service scope, and lead-intake data fields.

Dealer / Broker Name	Turbo Turismo
Business Type	Licensed Luxury & Exotic Car Broker (State of California)
Website	https://turboturismo.com
Address	6117 Reseda BLVD, Suite 201, Tarzana, CA 91335
Dealer License Number	81326
Service Area	California (sources deals from a local multi-dealer network)
Vehicle Focus	Luxury and exotic, new and used
How It Works	Step 1: Customer submits a request describing the desired vehicle (make, model, trim, fuel type, body style, color, drive type, financing preference, trade-in). Step 2: Turbo Turismo shops the request against its dealer network to source the best personalized estimate. Step 3: Turbo Turismo emails the customer the best estimate and dealer contact info so the customer can close the deal in person.
Fee Structure	Minimum fee of \$1,000, or 1% of purchase price on vehicles over \$100,000. Fee is paid by the dealer upon a completed purchase, not by the customer. No cost to the customer if no purchase is made. No upfront payment required.
Customer Obligation	No obligation to submit a request; no upfront payment. Turbo Turismo is paid only if the customer buys, and provides a simple 1-page fee disclosure.
Intake Fields Collected	Full name, phone, email, zip code; new or used; make, model, trim; fuel type (no preference/electric/hybrid/gas); body style (no preference/convertible/coupe/sedan/SUV/wagon); exterior color; interior color; drive type (no preference/AWD/FWD/RWD); financing/payment option (cash/loan/lease); trade-in (yes/no); additional comments; optional credit check via iSoftPull.

2. Vehicle Inventory Reference Set

58 representative luxury and exotic make/model/variant listings with current U.S. MSRP pricing, spanning the segments Turbo Turismo brokers deals in (luxury sedans, SUVs, and ultra-luxury/exotic performance vehicles).
